

## COIN FOLDER BOOKLETS!

**Q.** God has provided His Word for you and me, but what can we do in order for other boys and girls to know about Jesus too?

**A.** Get quarters to fill up the *NBPM* coin folders! You can ask for them from family (Mom, Dad, Grandparents, Uncle Larry, Aunt Betsy), hunt for them under the couch cushions, or take them from your piggy bank. However, the best way to get quarters is to earn them. Ask your mom or dad if you can do some “odd jobs” around the house. Let them know you are trying to earn money so the people in other countries can have a Bible. This year, we are sending Bibles to those in need! Remember, for every ten quarters you give, you can help *Bearing Precious Seed* print a Bible for someone who doesn’t yet have one!

## WORD SEARCH!

Find all eleven words hidden in the puzzle.

## Planting: God's People are the Church

### Key Verse — Acts 1:8

The world is full of many people who do not have enough food to eat. They are physically starving to death. But what if a brilliant scientist developed a guaranteed way to feed everyone on the planet? Pay attention to the following tale about a scientist who works in a poverty stricken region of the world. You will need the following key as you listen to this tale:

The scientist in our story is just like Jesus was 2,000 years ago when he was preparing His followers to begin planting New Testament churches all around the world. He told His disciples to go into Jerusalem, Judaea, and the uttermost parts of the Earth and to tell everyone they met how to go to Heaven through faith in Him. There were 120 people who worked to start that first church in Jerusalem. It was to become the model of the way that God wanted to feed a world that was starving spiritually and destined for Hell.

In our tale, the scientist asked his assistants to become tree farmers and branch out first at home, and then all over the world planting trees. He provided them with a Super Nutrient that would help the trees to grow, produce fruit, and then reproduce themselves. Jesus' disciples were asked to become messengers of the Gospel who would go out and plant churches. That Super Nutrient that they used was the very Word of God!

A new church can start when a group of believers who have heard the Gospel and have trusted in

Christ as their Savior, get together. However, this baby church will never grow strong or reproduce if it doesn't get a healthy, daily dose of God's Word.

If you are a follower of Christ, then you are also chosen to be a disciple and spread the Gospel. But you cannot do it alone, this is why God formed the church. It is the church's job to spread the Gospel and make more churches. Those churches will then do the same and create others. If you are a follower of Christ, you are a part of the church. This means you will be a part of making other churches if you help your church in any way that you can. Attending Sunday school, singing, helping others, praying for missionaries, giving your offering, and using your talents in the church are a few things that you can do to help your church to grow and ultimately make more churches.

Remember, it takes the Messenger to go and the Message to grow if you're going to reach the world for Christ. The power for miraculous growth is always in the nutrient!
